POOL MANUFACTURE

Tranquility has the added advantage of its own purpose-built manufacturing complex along with skilled in-house trained employees, a great reputation and over 30 years of experience in the industry.

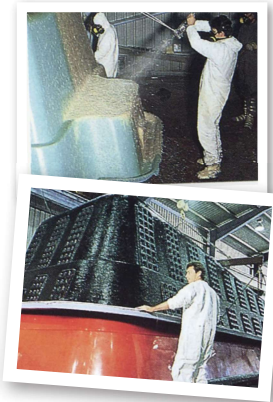

Our manufacturing complex is based in Taree, and all our pools are made to order before being delivered directly to your site.

ADVANTAGES OF A FIBREGLASS POOL

Fibreglass is the perfect material for swimming pools, because it is hard-wearing and virtually maintenance free. It features flexibility and can be installed quickly. With a 25 year structural warranty, you can be confident knowing that your pool will stand the test of time.

Core Strength

The high tensile strength means they won't crack with normal ground movement.

100% Fibreglass/Resins

With no "fillers" added to the resin that may weaken the tensile strength.

Gelcoat Finish

Smooth and resistant to algae and staining.

Smooth

Kind to skin with no sharp or rough edges.

Variety

A great range of sizes and shapes are available.

Salt Water

Fibreglass is completely compatible with salt water.

SHAPES & SIZES

Tranquility Pools has a vast range of pool shapes and sizes, the building blocks for creating your dream backyard.

All have high tensile strength, which means they flex with normal ground movement, and are covered by a 25 year structural guarantee.

NOTE: Pools are listed in order of size. Drawings are not to scale.
